WHY SUNON BLINDS?

More than 25 years ago, Sunon was born, a company formed by experienced personnel focused on the sector, since January 1993, we stand out for the wide range of solutions that we can provide. Sunon has professional collaborators from various sectors, such as architects, engineers, window manufacturers, curtain wall manufacturers, and builders who provide the right systems for the execution of the project; for this reason, the company is recognized as one of the best in the industry

for the quality of their work. We ensure that in each project we eliminate any type of openings and gaps, in addition to providing both a high design facade, comfortable, energy saving, and environmentally friendly. we specialize in technical and adjustable shutter systems, with dynamic elements for residential sun protection, facades, security, and tunnel boxes, as well as motorization systems. We also take care of product manufacturing, distribution and installation.

SECURITY MALLORQUINA

Sunon is present in all phases of the project. From advice to architects, to customized solutions for any type of renovation. As a customer, through a virtual test, you can visualize the variety of options according to your project. We will provide you with a technical and economic study where the total service will be provided, which includes: products, assembly, consulting and after-sales maintenance.

DIBI PROTECTS EVERY HOME.

INTRODUCTION

Security is a primary need to live with serenity. The installation of anti-intrusion systems adds value to every house. You can choose DIBI products at every moment: both for new installations and renewal ones.

EXTENDING GRILLES

YOUR HOME CAN BE SAFER

DIBIBLIND AND BRIAREO:

The extending grilles were patented by DI.BI Easy to open and close thanks to the "accordion-like" structure and the mechanical system, they are particularly strong, just because they are made of full C40 steel bars.

They do not need the bottom guide rail, so they can be installed in any kind of window and French window; the passage is free and the cleaning is easy. They are available in the solutions: single leaf, folding-opening double leaf and double leaf with walled frame

FOTOGRAFÍAS DE BARIAREO:
